

LISTEN TO REPORTS AT EAGLE LAKE, IND.

PRESBYTERIANS REVIEW THE YEAR'S WORK.

Result of Labor Among Freedmen—
Debt Incurred in the Field of Home
Missions is Being Rapidly De-
creased—New Churches Built—An
Attack on Mr. Rockefeller.

Winona Assembly Grounds, Eagle
Lake, Ind., May 25.—The delegates to
the general assembly of the Presby-
terian assembly began work in good
season Monday.

The first order of business was the
reading of the report of the Freedmen's
board. It is set forth that two board-
ing schools for girls, not on the list
last year, are being operated. These are
the ones at Anniston, Ala., and West
Point, Miss. The other seventeen
schools have been retained. The ser-
vices of the treasurer, as a salaried
officer, have been dispensed with, and
also those of the field secretary. The
debt has been increased from \$26,123
to \$51,275.

The real-estate item amounts to \$49,-
613, more than it will probably be again
for many years, the bulk of the amount
going toward the rebuilding of the
Mary Holmes seminary. Buildings have
been completed as follows: Boys' dor-
mitory at Oak Hill church and school
at Newport News, Hot Springs church,
basement of new church at Chattanooga,
and aid was given to build churches
at Columbia, S. C., Savannah, Ga.,
Charlotte, N. C., Stetersville, N. C., Ro-
anoke, Va., Birmingham, Ala., Spar-
tansburg, S. C., and Maryville, Tenn.

Thirty institutions have been assisted
by the board—six less than last year,
owing to the financial straits in which
the members found themselves. Most
of the institutions suffered severe re-
ductions in their income.

The number of students was 2,610,
being (for the same institutions) sixty-
nine more than in 1895-6, and the num-
ber in college classes also increased.

The total receipts for the year 1896-7
were \$77,986, and the expenditures \$71,-
126, the balance on hand in April being
\$24,624.

The report of the board of church
erection shows that in the course of
the year 216 formal applications from
churches contemplating building were
received. This is a decrease from the
previous year.

The applications to the general fund
were 154, aggregating \$83,408; to the
manse fund, 48, aggregating \$45,950;
to the loan fund, \$14, aggregating
\$49,950, the total applied for being
\$147,192. The total income of the
board for the year from all sources was
\$115,737.

Taking the three departments to-
gether the number of churches aided
reached 194, and the aggregate amount
appropriated was \$111,982. The ag-
gregate receipts were \$123,777, and the
disbursements \$137,577. During the
year there were reported as completed
by the aid of the board and without
debt 174 churches and manse of an
aggregate value of \$444,735.

The report of the Freedman's board
was quickly followed by that of the
board of home missions.

During three years there has been a
decline in receipts amounting to \$213,-
000 in 1895-96, as compared with that
of 1892-93. At the beginning of the
present fiscal year the board had a debt
of \$310,000, which had been reduced to
\$147,276 by an excess of receipts over
expenditures of nearly \$45,000, by the
use of the same amount derived from
permanent funds available for current
work and by the receipt of over \$73,000
from special collections and from the
quarter century anniversary fund.

Other moneys in course of collection or
otherwise available further reduce the
net debt to \$121,176.

For the purpose of current work the
board received a total of \$899,770, nearly
\$900,000 of which was credited to the
women's executive committee of home
missions. The total contributed by the
churches was \$476,115, and legacies
brought \$105,589.

The reduction of expenditures was
obtained by a cut of 10 per cent in the
expenditures in New York and by a
like reduction in the amounts appor-
tioned to the various presbyteries.

During the year 1,416 ministers had
been in the pay of the board, of whom
131 were in New York, 129 in Kansas,
109 in Iowa, 93 in Minnesota, 84 each
in Michigan and Nebraska, 75 in Cal-
ifornia, 74 in South Dakota, 65 in Wash-
ington and a smaller number in the
rest of 39 states and territories in
which the board operated. There had
also been 308 teachers at work. Addi-
tions to the churches numbered 8,522,
nearly one-half of whom were adults
who received baptism. In connection
with the board are 2,180 Sunday
schools and 1,617 churches.

The total expenditures for the year
were \$716,371, of which \$650,877 was
for missionary and school work, \$19,-
432 for the administration of the women's
executive committee, and \$32,418 for the
expenses of administration of the main
office. The board holds the following
sums as trust funds: \$222,-
791, the income of which is for current
expenses; 18,293 for the women's com-
mittee, and \$95,500 held in trust dur-
ing the life of persons designated by
the donors, but which will become the
property of the board upon the decease
of such beneficiaries.

Besides the board owns half interest
in the Presbyterian building in
New York, the statement of account

with the Presbyterian building showing
mortgages amounting to \$680,000,
an excess of rental over expenses of
\$15,804, a total investment of the board
in the building of \$983,672, and pay-
ment of \$57,954 interest charges. The
other half interest in the building is
held by the board of foreign mis-
sions.

Here the assembly reached the spe-
cial order of the day and resumed the
discussion of the mission-building
question. Many speeches were made
on the subject, but no decision was
arrived at. The assembly will be in
session longer than the ten days origi-
nally scheduled.

ATTACK ON ROCKEFELLER.

A Returned Baptist Missionary Assails
the Philanthropist.

Pittsburg, Pa., May 25.—At the open-
ing session of the eighty-third anni-
versary of the American Baptist Mis-
sionary union after the meeting had
been called to order by the Rev. Dr.
Henry W. Colby of Dayton, Ohio, and
Dr. Anderson had concluded the de-
votional exercises the report of the
executive committee was read. It rec-
ommended that the appropriations for
the coming year be made on a scale
\$60,000 below that of the last year, and
that in the years to come the average
receipts from all sources for the five
preceding years should be adopted as
the basis of missionary appropriations
for any single year. In order to ac-
complish this it will be necessary to
abandon many missionary stations in
foreign lands and greatly reduce the
force of workers.

After a motion to adopt the report
had been carried the Rev. W. H. Cos-
sum, a returned missionary from
China, threw a bomb into the conven-
tion by some remarks in which he
practically questioned the propriety
of accepting John D. Rockefeller's gift
of \$250,000. He said the recommenda-
tion of the committee for retrench-
ment ought not to have been adopted.

"As for me," he said, "I will not be
retrenched, nor those working with
me. We bear Christ's commission and
cannot cease our efforts. When John
D. Rockefeller or any other man offers
money we should demand of him that
he lead a holy life before we accept his
contributions. We should be sure that
the money coming from millionaires
comes from men who lead consecrated
lives. The church in China can carry
on its work without money from home.
The church can live on native soil in
China, because the life of the Spirit is
there."

A number of prominent members of
the union defended Mr. Rockefeller and
extolled his generosity, and in the
midst of a heated debate, the meeting
adjourned.

The American Baptist missionary
union, organized May 18, 1814, has
charge of all the foreign mission work
and also has a number of institutions
for higher education established un-
der its control in foreign lands. The
report of the executive committee
gave an interesting account of the
work done during the past year and
stated that the outlook for the fu-
ture was very encouraging. The treas-
urer's report showed that he re-
ceived \$467,101.89 from the following
sources: Donations, \$258,298.95; lega-
cies, \$45,740.59; Woman's Society of
the East, \$75,985.23; Woman's Society
of the West, \$30,770.13; Woman's So-
ciety of California, \$1,766.43; Woman's
Society of Oregon, \$385; Bible dia-
collection, \$1,321.44; additions to per-
manent funds and bond accounts,
\$15,140; income on funds, \$36,322.66;
Gordon memorial fund, \$558.82; rent of
mission property in Siam, \$812.64.

The expenditures were as follows:
Appropriations for the year, 1896-97,
\$580,855.58; added to permanent funds
and bond accounts, \$15,140; debt April
1, 1896, \$163,827.63, a total of \$759,-
823.21, leaving the debt April 1, 1897,
\$292,721.32.

The following officers were elected:
President, Henry F. Colby of Ohio;
vice-president, Chester W. Kingsley of
Massachusetts; D. D. MacLaurin of
Michigan; recording secretary, Henry
S. Burrage of Portland, Me.

PRESBYTERIANS TO UNITE.

Significant Action Taken by the United
Home Mission Committee.

Monmouth, Ill., May 25.—The most
important business that has come be-
fore the United Presbyterian home mis-
sion committee was disposed of Monday
in the granting of \$350, it being a case
of aid to a mission church of the As-
sociated Reformed church of the south,
but in charge of a United Presbyterian
ministry. The action of the committee
means the possible consolidation of the
two bodies. An effort to consummate
the union has been agitated for many
years.

Another encouraging feature favor-
able to the union is the fact that the
young people's organization of the
southern denomination will hold no
convention this year, but will send
delegates to the United Presbyterian
meeting at Indianapolis.

Against Use of Tobacco.

Pittsburg, May 25.—The session of
the general synod of the Reformed
Presbyterian church Monday was en-
livened by a heated discussion over the
use of tobacco. A report recommended
that when expedient students for the
ministry receiving aid should attend
the Cedarville College, and that no stu-
dents should receive aid who used to-
bacco or indulged in any extravagant
habits.

A JURY IS SECURED TO TRY HAVEMYER

CASE IS NOW UNDER WAY AT WASHINGTON.

District Attorney Davis Opens Prose-
cution at the Capital City—Several
Senators Present as Witnesses—
Chances Are That Trial Will Be a
Lengthy One.

Washington, D. C., May 25.—A jury
has been secured to try H. O. Hove-
meyer. District Attorney Davis de-
voted some hours, today, to his open-
ing speech to the jurors. A number
of senators were present as witnesses.
The indications now point to a lengthy
trial.

Henry O. Havemyer, who stands at
the head of what is known as the Sugar
trust, comes honestly by his interest in
the sugar business, for his father was

massive and handsome in person and
blessed with a large family. He lives
in Greenwich, Conn., where he has a
magnificent residence.

Washington, May 25.—President H.
O. Havemyer of the American Sugar
Refining company was placed on trial
in the Criminal court this morning on
the indictment charging him with hav-
ing refused to answer questions put to
him by the senate committee investi-
gating the sugar trust. District At-
torney Davis said that he is ready to
go ahead with the trial, and he thinks
two days will suffice in which to finish
the hearing. The defense, it is under-
stood, will contest every step.

FURTHER 'SHORTAGES FOUND.'

Additional Discrepancies in the Logans-
port Bank's Accounts.

Logansport, Ind., May 25.—Bank
Examiner Caldwell Monday discovered
a further shortage of \$50,000 in the ac-
counts of the wrecked State National
Bank. Assistant Cashier Keiser, of the
New York National Bank of the Re-
public, arrived, and the discrepancy
was found in the shape of a certificate
of deposit issued by President John F.
Johnson on May 14 in favor of the
New York bank. The certificate was
not registered here, but the New York
concern extended Johnson's credit,
thinking the cash would be forthcom-
ing. Johnson drew drafts for the en-
tire amount. This increases the short-
age to more than \$400,000, and depos-
itors are becoming panic stricken.

A local broker announces that John-
son was known on the Toledo board of
trade as the "Young Plunger." He al-
so operated in the Chicago wheat pit.
Mahlon Conover, Johnson's grain part-
ner, and creditor for \$7,000, received a
letter Monday, written by Johnson in
the Indianapolis jail, advising Conover
to continue in the grain business in or-
der to hold the patronage. The em-
bezzler writes:

"I shall come back to you with re-
newed hope and courage to go ahead to
show that I have a pure heart if re-
sults do now make it look very dark.
Whatever the result, I shall bear it like
a man, not as a criminal. I hope you
will have protection, so that my acts,
which were intended right toward you
as well as others, may not affect you
seriously."

Wisconsin W. C. T. U. at Appleton.

Appleton, Wis., May 25.—The twen-
ty-third annual convention of the Wis-
consin Woman's Christian Temper-
ance Union meets here this week, be-
ginning to-day and continuing until
Friday, with three sessions each day.
About 450 delegates and visitors are
expected.

Iowa Miners Quit Work.

Boone, Iowa, May 25.—Nearly 1,000
men at the Milford, Frazer and Lehigh
coal mines have quit work. The trou-
ble is said to have been caused by an
attempt on the part of the opera-
tors at Frazer to pay 65 cents a ton for
mine coal instead of 80 cents a ton for
screned coal, as heretofore.

McLaurin to Succeed Earle.

Columbia, S. C., May 25.—Governor
Ellerbe says that in the interest of all
factories he will on Thursday appoint
Congressman John L. McLaurin United
States senator in succession to the
late Senator Earle.

Victory for Warehouse Men.

Springfield, Ill., May 25.—The ware-
house bill was advanced to third read-
ing in the house Monday and made a
special order for this morning at 11:30
o'clock.

SUPREME DECISIONS ARE HANDED DOWN

IMPORTANT CASES SETTLED AT WASHINGTON.

National Banks Have No Right to Deal
in Stocks—Tariff Debate Arranged
—Congress Honors the Memory of
Senator Earle by Adjourning—Other
Washington News.

Washington, May 25.—After render-
ing final decisions in thirty-six cases
and giving attention to other business
incident to the last sitting of the term,
the United States Supreme court ad-
journed Monday until next October.
Included in the twenty-one cases
which have been argued, but in which
no opinions have been rendered, are
several of considerable importance.
Among them are: The Nebraska
maximum freight-rate case; the con-
troversy between the Bayden power
brake and the Westinghouse air brake
companies as to the validity of the lat-
ter's invention; the Alabama Midland
case, involving the validity of the long
and short-haul clause of the interstate
commerce acts; the Southern Pacific
land case, and two or three important
private land-grant cases.

The questions whether the statutes
relating to national banks prohibiting
them from purchasing or subscribing
to the stock of another corporation and
whether the want of authority can be
urged by the bank to defeat an attempt
to enforce against it the liability of a
stock-holder were passed on in the case
of the California national bank, plain-
tiff in error, vs. Nat. Kennedy. The
court holds that a national bank has
no right to deal in stocks, although
it may accept them as securities. Judg-
ment of the Supreme court of Cal-
ifornia against the national bank is re-
versed.

TARIFF UP TO-DAY

Senators Plan to Prevent a Party Split
on Various Schedules.

Washington, May 25.—The Republi-
can caucus Monday emphasized the fact
that there is a wide divergence of op-
inion among the Republican senators on
schedules of the tariff bill. The sena-
tors were in caucus nearly four hours.
Rates of duty fixed in the various
The only official announcement that
was made after the caucus adjourned
was that it was decided to appoint
three senators in addition to the Re-
publican members of the finance com-
mittee, who are to act as a committee
to assist in getting the tariff bill
through the senate. It was generally
stated, however, that an agreement
had been reached that there should be
no set speeches on the bill from the
Republican side, except that of Senator
Aldrich.

There was some discussion upon the
length of time the bill should be under
discussion in the senate. Senator Ma-
son suggested that as soon as the open-
ing speeches were made a vote should
be taken toward having a vote on the
bill in two weeks. It was decided to
ask that after the debate had run
along for a week the senate begin its
sessions at 11 o'clock, and sit until 5:30
and have evening sessions from 8 to
11.

Forest Order to Be Revoked.

Washington, May 25.—The house and
senate conferees on the sundry civil
bill agreed Monday to retain the
amendment to the bill conditionally re-
voking President Cleveland's forestry
proclamations of Feb. 22. The house
and senate failed to agree on the form
of this amendment. The conferees set-
tled the controversy by accepting an
amendment authorizing the President
to modify or revoke the proclamations
at any time before March 1, 1898.

Congress Honors Earle's Memory.

Washington, May 25.—When the
house and senate met Monday an-
nouncement was made of the death of
Senator Earle, of South Carolina, and
as a mark of respect both houses ad-
journed.

Dangerous Fire at Chicago.

Chicago, May 25.—Eighty thousand
dollars' worth of stockyards property
was burned last night. With a roar
that shook every building in the neigh-
borhood, an explosion, the cause of
which has not been found, lifted the
roof of Armour's pepsin factory. Forty-
third street and Center avenue, and
started a fire that threatened to wipe
out millions of dollars. Quick work by
Sweeney's men prevented a tremendous
loss, but the fire fighters had one of
the liveliest battles on record, lasting
two hours and full of excitement, fear
and hard labor.

Pardoned a Bank Wrecker.

Jefferson City, Mo., May 25.—Elmer
C. Sattley, who last year began a four
years' sentence in the state peniten-
tiary for illegal banking, as cashier of
the Kansas City Safe Deposit and Sav-
ings Bank, which failed in 1893, owing
depositors over \$2,000,000, has been par-
doned by Governor Stephens.

Shoots Her Faithless Lover.

Weldon, Ark., May 25.—Carrie John-
son, aged seventeen, shot and almost
instantly killed Walter Johnson. John-
son was married Sunday, and Miss
Johnson says he had promised to mar-
ry her.

GERMANY MAY WITHDRAW.

Insists That Greece Shall Consent to the
Peace Terms.
Constantinople, May 25.—The Ger-
man ambassador here has been for-
bidden to sign the collective note
until Greece consents to the peace
terms. Germany will withdraw out-
right if the other powers consider the
consent of Greece unnecessary.

Results of the Games Played in the
Various Leagues Yesterday.

Chicago dropped into eleventh place
yesterday, losing to New York, while
Washington took a victory from St.

sition were the drop of Cincinnati to
third place through another defeat by
Brooklyn, Pittsburg profiting by not
playing and Louisville fell to a tie
with Philadelphia, both clubs losing.

Indiana Court and Suffrage.

Lafayette, Ind., May 25.—Mrs. Helen
M. Gougar says to the women of In-
diana that the test-vote case has been
pushed to its final ending. The Su-
preme court, she says, has been com-
pelled to reverse itself to find that the
women have not the right to vote un-
der the present law. Within three
years this court has reversed itself
three times on the woman question.
First, in admitting women to the prac-
tice of law; it holds that the express
use of the word "male" in the consti-
tution is no bar to the female. Second,
in interpreting the right of women to
sell liquor the same court holds that
the express use of the word "male" is
a bar to the right of a female. In the
right to vote the court holds that by
the express mention of the male the
female is barred from suffrage.

Iowa Federation of Labor.

Des Moines, Iowa, May 25.—The State
Federation of Labor convened here
Monday, with Vice-President Aske-
hon of Des Moines in the chair. During
the session it is expected the federation
will indorse what is known as the
Temple amendment, denounce convict
labor as now practiced, decide upon a
day for labor-day celebrations and pos-
sibly a state celebration, and also take
an active stand against a movement to
abolish the office of state labor com-
missioner. The question of affiliation
with the miners will also come up, and
it is probable that some action will be
taken to support the miners in their
efforts to secure better wages.

Scale Not Yet Fixed.

Detroit, Mich., May 25.—Amalg-
amated Association delegates deny the
statement made from Cleveland that
the manufacturers have rejected the
association's scale for tin-plate work-
ers. The scale has not yet been fixed.
Gov. Pingree addressed the amal-
gamated convention Monday. In his
speech he said he believed in protec-
tion, but not in taxing the necessities
of life. The trouble was the govern-
ment collected too much from the poor
and too little from the rich.

Many Important Bills Remain.

Lansing, Mich., May 25.—The last
week of the session opens with more
important bills on the calendar than
have been disposed of since the legis-
lature convened five months ago. The
indications now are that the house will
indorse the report of the conference
committee increasing railroad taxes
\$200,000 annually, which the senate
adopted last week. Anti-trust bills and
a bill trebling the franchise fee exacted
from corporations were agreed to by
the house Monday.

State Silver Convention Called.

Des Moines, Iowa, May 25.—The Sil-
ver Republicans have issued a call for
a state convention to be held June 23,
simultaneously with the Democratic
state convention, for the purpose of ef-
fecting a fusion. The call is signed by
Amos Steckel, of Bloomfield, as presi-
dent, and C. S. Wilson, of Des Moines,
as secretary.

SPANISH CABINET IS IN GRAVE DANGER

THE MINISTRY IS TOTTERING TO ITS FALL.

Premier Canovas Objects to a Change
in the Make Up—Significant State-
ment as to the Sale of Cuba—Our
Action Criticised and Called a Great
Iniquity by Silvela.

Madrid, May 25.—Events of the last
few days have led the people to expect
a crisis in the political affairs of Spain,
and the developments of Monday prove
that the crisis is here. The retention
of the present cabinet does not seem
possible. The liberals, who consider
the formation of a Sagasta cabinet in-
evitable with a few days, have abandon-
ed all idea of agreeing upon the
formation of a working ministry.

In the senate, in reply to a conserva-
tive senator, who asked why the lib-
erals were absent, Senor Canovas del
Castillo, the premier, said:

"In the opinion of the government
the matter which the liberals plead as
an excuse for their absence from the
senate is an incident of a purely per-
sonal character, which has already
been arranged. The government re-
spects the opinion of the liberal mi-
nority, but rejects their theory of the
incident and their demands for the
resignation of the minister of foreign
affairs as contrary to the constitution
of parliament. It is impossible to face
the negotiations now on foot without
serious detriment if we change the for-
eign minister."

The marquis of Peralos, on behalf of
the dissident conservatives, declared
that under the circumstances they felt
compelled to absent themselves until
the liberals had received satisfaction.

In the chamber of deputies the pre-
mier repeated the statement he had
made in the senate, adding that he re-
gretted the absence of the liberals be-
cause it prevented Senor Sagasta from
defending himself against certain ac-
cusations arising out of an erroneous
interpretation of one of his speeches.
Senor Canovas referred to the bad im-
pression which had been produced in
this way at Washington, where, he said,
it seemed to be supposed that the sale
of Cuba was a possible thing. "Spain,"
said Senor Canovas, "is not a nation of
merchants, capable of selling its
honor."

Senor Francisco Silvela, leader of the
dissident conservatives in the chamber,
in the course of his speech, described
the action of the United States senate
in recognizing the belligerency of the
Cuban insurgents as a "great iniquity,"
and characterized the diplomatic con-
duct of the government as altogether
blameworthy.

MINING TROUBLES INCREASE.

Mass-Meeting at Spring Valley, Ill.,
Votes Against Going to Work.

Spring Valley, Ill., May 25.—The dif-
ficulties in the way of the resumption
of coal mining in this city were in-
creased Monday. Another mass-meet-
ing of the miners was held and a fifth
vote on the situation taken. The result
was 451 votes against going to work un-

NEWS OF THE WEEK
IN ROCK COUNTYTHE BASE BALL SEASON OPENS
AT MILTON.

Whitewater Team Won By One Tally After Hard Fought Contest—Memorial Day Plans Made in Many Places—Johnstown Man is Painfully Hurt by An Enraged Bull.

(THE GAZETTE AGENT)
W. W. CLARKE, Manager,
Milton, Wis., May 25, 1897.

The base ball season opened here Friday afternoon with a game between Whitewater and Milton. Only six innings were played, to allow the visitors to get home on the five o'clock train, and the score was 8 to 7 in favor of Whitewater. At the close of the third inning Whitewater had six and Milton one, but the home team picked up and scored six in the fifth and sixth. The visitors had Buchta, the famous Jefferson pitcher in the box, but with two or three exceptions the home team hit him as they pleased, despite the fact that they had not hit a pitched ball before this year. The Milton nine had never played together before and were entirely without practice, but if the nine innings had been played there is little doubt but what they would have won the game, as they were putting up a good article of ball when the game was called. The nine included Ed Green, c. Alken, p. Place s; Holmes 1 b. Hallam 2 b and p. Palmer 3 b. Ernie Green, r f; Vanderwalker c f; spurbeck 1 f.

Memorial Day Program.
The following is the program for Memorial day services here on Monday May 31: The G. A. R. and W. R. C. will join the college students and pupils of the public school at 1:45 p. m., and march to the cemetery where the exercises will be held as follows: Decoration of graves. Lincoln's Gettysburg address, David Ring; music, graded school; recitation, Miss Anna Wells; address, Rev. L. A. Platts D. D.; music, school; G. A. R. and W. R. C. ceremonies; benediction. In case the weather is unfavorable the exercises will be held in Goodrich hall. All ex-soldiers are invited to j in with the Post.

Hog Market Gets Black Eye.
The hog market has been getting black eyes for some time, but at the close of the week prices were a trifle higher than at the beginning. The car loads of freight shipped from this station last week were: one car of hogs by Vincent & Hassenger and three of oats by Fetherston Brothers. The American Telephone and Telegraph Company received four cars of poles.

G. A. R. to Meet.
A. D. Hamilton Post and Relief Corps will meet at their hall Sunday, May 30, at 10 o'clock a. m., for the purpose of attending Memorial service at the Methodist church; also at 7 p. m. at the home of E. S. Nye, to attend similar services at the Methodist church, Milton Junction. All ex-soldiers are invited.

SHOW 1897 STYLES FOR MEN.

An Interesting Display to Be Made at Zeigler's This Week.

Times change and men and methods change with them.

And the universal tendency is upward.

We accomplish more than our forefathers did; we live better; we dress better.

And in accomplishing more than was possible to our ancestors in equal time we do it with greater ease. Our better living costs us less than would have been possible a generation ago, and the same is true of our dress. And all this is brought about because of improved methods.

As far as Janesville is concerned Zeigler may claim to have played an important part in helping to thus better conditions.

For \$20 or \$25 the young man of today buys a suit of clothes for which his father used to pay \$40 or \$50.

Assaid in another article in The Gazette, a number of circumstances have contributed to this result. It may be fairly declared, however, that the system of furnishing custom made clothes at moderate prices through scientific cooperation has been one of the important factors.

The customers of Zeigler were given an early opportunity to secure custom made clothing at common sense prices. This was made possible through an alliance of one of the largest Chicago merchant tailoring establishments. The firm in question has been phenomenally successful—successful through the application of a logical principle to a business situation.

Success is rarely the result of guess work.

Trace the world's most conspicuous examples of business success through the various stages of their evolution, and away back at the beginning you will find brains coupled with genius in a special line.

Add to these honesty of purpose, and experience does the rest.

The well known firm selected as makers of the Zeigler custom clothing has not won its success through "hit or miss" methods. Said a member of the firm when talking to manager E. J. Smith a few days ago:

"We have planned; we have had certain aims; we have studied human nature; and above all we have preferred to be originators rather than imitators."

"It is more than thirty years ago that the head of our house embarked in the tailoring business. The pathway of the pioneer is not always the easiest course, and some of our earlier theoretical ideas proved to be in a measure fallacious, but nurtured by experience they developed into a practical system that is well nigh faultless."

"At the same time we do not congratulate ourselves on winning success solely through our own efforts. The shrewd suggestions of our representatives in cities throughout the northwest have given us a basis for work that has been invaluable. They keep us in touch with changing wants and with variations in taste. This knowledge we supplement by our own intimate acquaintance with the 'last word' in metropolitan fashions and are enabled to turn out garments having the snappy individual effect that is so seldom seen in any but the largest cutting rooms."

The Gazette interview was secured at odd moments while arrangements were being made for an elaborate showing in Janesville of suitings and styles for summer wear, which will give emphasis to the custom tailoring department at Zeigler's. The display will probably be made the last of the week and will be an eye opener to many who have not realized the revelation that has taken place in the tailoring business in the last five or ten years. A casual inquiry by the reporter developed some interesting information as to the fabrics that will be shown. There is a promise that the lines will be especially rich in browns, brown-greens and many shades of grays. Grays in a number of mixtures and combinations of color will form a large part of the display as they have been found very popular with the city trade during the first few weeks of the warm weather season.

It is promised that many of the designs will be exclusive importations and that without there being any suggestion of vulgarity or loudness buyers will be able to have the satisfaction of knowing that they are getting "something different."

To put it mildly the styles that are most popular this year are positive, and there are among them novelties which will thrill with delight the heart of the man has an appreciation in art of dress. Both in the positive and quiet styles there will be a large variety of fine and handsome fabrics in worsteds, vicunas, chevots and their mixtures, division and subdivisions. The promise is made that many high novelties will be shown. One feature of interest to careful dressers will be fancy vestings. Fancy vests are very stylish and are proper this year on almost all occasions.

A large line of rough weaves in loose open textures suitable for outing and bicycle suits will be included in the line shown here Friday and Saturday and the sample books received here this morning indicated that the patterns will be very handsome. The wheel has become to be a recognized factor in both business and pleasure and tailors are not disposed to ignore it. One of the advantages which the buyer at Zeigler's will be offered when picking the fabric that suits him this week will be the opportunity to have made to his measure one of the natty and bound-to-be-popular combination suits.

As the name implies, these suits are day. Sanborn.

made for the double purpose of bicycle riding and the business or street suit—practically two suits for the price of one.

The suit consists of five pieces—the regular business suit of coat, vest and pants, and an extra pair of short pants and bicycle cap.

The advantages of this combination are apparent, the big item, of course, being in the direction of economy. Combination bicycle suits have come to stay, and all who see their convenience and attractiveness want them.

There will be many other suggestions as to styles offered, on Friday and Saturday during the Zeigler custom tailoring display. The exhibit will be one that will richly repay a visit from any careful dresser, whether a purchase of a suit is contemplated or not. As a matter of fact, the idea of the display is not for temporary effect on business, but to make Janesville people appreciate much more fully how complete in every detail are the resources of the Zeigler store.

MUCH LEAF HELD IN
LOCAL WAREHOUSES

DEALERS ARE WAITING FOR A RAISE.

Twenty thousand cases, largely of Wrapper Stock, are ready for the buyers who have the necessary cash—few large deals are being made these days.

Twenty thousand cases of tobacco are now to be found safely stored away in the local warehouses awaiting the buyer. These figures are made by J. F. Willey, editor of the Wisconsin Tobacco Leaf, who has made a careful investigation and is well posted on matters relating to the leaf trade. Four of the leading firms control the greater portion of this leaf while the firm of J. L. and M. F. Green are about the heaviest handlers, having now on hand about 3000 cases. The goods are mostly wrappers. All the lots are in good condition and are subject to inspection by the most careful buyers.

"Yes, it is true that there is a great quantity of tobacco now stored in this city," said a prominent dealer this morning. "None of the local dealers seem anxious to sell; all are waiting for higher prices."

Of the deals recorded during the past few days but one was of importance.

J. M. Thayer, the local representative of the Philadelphia firm of Young & Newman, has purchased in Stoughton, 250 cases of goods to be shipped to the local warehouse where they will be stored.

FOOTVILLE PEOPLE MAKE PLANS.

Memorial Day Will Be Duly Observed—Some Other News.

Footville, Wis., May 25—Memorial day is drawing near and every effort is being put forth to do what can be done to do honor to the living as well as the dead. The program in substance will consist of singing, music by the Footville orchestra, memorial address by Rev. J. J. Lugg, patriotic recitations by good speakers and select reading. A conveyance will be provided to take the children to the cemetery to carry the flowers to the graves of the departed. Services as announced before will be held at the Christian church Monday, May 31 at 2 p. m. Decorating to be done at Grove cemetery. Master of ceremonies, Patrick Torphy. Escort at cemetery, C. A. Wright. Several times during the past week there has been so near a frost that young fruit has been nearly scared into blasting. The prospect is that there will be an abundance of small fruit and berries if the frost holds off. Children's day services will be held in both the Footville churches in June. Mrs. W. M. Ross and R. W. Strong are delegates to the W. F. M. S. of M. E. church, will be held at Palmyra this week. The new arrival of bikes the past week are as follows: Miss Bertha Merrill, a Lindsey Bros.; Miss Kate Walsh, a Lindsey Bros.; W. J. Owen, a Sentinel; Miss Callie Lacey, a Butler Bros. R. W. Strong has an up-to-date wheel on the way here, having sold his 1895 wheel to W. J. Canary. The lecture given by Mrs. H. Goodacre of Richland Center, was well attended and gave general satisfaction. Mrs. Goodacre is spending a few days with her many friends at Center and Footville. Mrs. Lugg has been at the Methodist parsonage with her son Rev. J. J. Lugg. Mrs. C. B. Vesper is still in the west visiting friends and relatives at Pipestone, Minn., Winnebago, Minn., and Algona, Ia. Marshall Bros' circus is billed for Footville, May 31. S. J. Strang's store has undergone a thorough cleaning, which adds greatly to the appearance. Mrs. Burr Robbins was in town to see her sister, Mrs. W. J. Owen, Monday. Mrs. W. J. Owen, who has been confined to her bed since last February, is now able to be about the house. Strang & Owen are doing a rushing lumber business of late. Rev. J. J. Lugg and mother went to Janesville Monday afternoon, returning Tuesday. A number of members of the Christian church went to Evansville, Wednesday last, May 19, to have views taken of some Delarte views, which were given at a concert here last February.

MEMORIAL DAY AT MAGNOLIA.

Observance Will Be Held at the Methodist Church Saturday.

Magnolia, May 25—Do not forget memorial services at the Methodist church at 10 o'clock. A good program has been arranged and all ought to feel it a privilege as well as a duty to help by their presence in making the occasion notable. The ice cream social at C. C. Howard's Friday night was well attended. Elder Newton preached last Sunday afternoon at Bass Lake. A large crowd attended the dance at McCoy and Mattice's hall, Friday night. Mrs. Ernest Libby and little son of Evansville were in attendance at the Advent church Sunday morning. Mrs. Charles Weaver spent several days of last week with friends in Evansville. Miss Carrie Jones of Janesville attended the ice cream social at C. C. Howard's Friday night. Next Sunday there will be no services at the Methodist church as Elder Sewell will deliver the memorial address in Evansville on this day. The prospect for fruit is good in this vicinity.

LIMA CENTER NEWS AND NOTES

Events of Interest Gathered by The Gazette Representative.

Lima Center, May 25—O. J. Bacon of Chicago, is visiting his mother, Mrs. H. Bacon. Mrs. Cowles went to Milwaukee Saturday, to stay with her son a few days. The Misses Etta and Mamie Kyle and May Godfrey attended the teachers' convention at Janesville Saturday. Miss Carrie Johnson returned Friday from Richland, Mo., where she has been for several months caring for her sister, Mrs. Sheeley, who had been sick for some time, and recently died, leaving a little daughter

three months old. Miss Johnson brought the little one home with her, to care for. Mr. and Mrs. Warren of Janesville, spent Sunday with their mother, Mrs. Bacon. Mr. and Mrs. Hake were over-Sunday visitors at Helenville. Mrs. Chapman returned from Janesville Saturday, where she has been caring for her daughter, who has been sick with la grippe. There was a birthday surprise for Chester Herrington Monday evening. Ice cream and cake was served and a pleasant time enjoyed by all. Lillie Charles of Whitewater, visited Birdie Holbrook, Sunday. Frank Fuller is the happy owner of a new bicycle. Jesse Howard of Milton, came up on his new wheel Sunday and called on his sister, Mrs. McComb. William Truman was up from Janesville, Monday. He intends to move here soon. Elder F. P. Pease gave a very interesting address to the Epworth League Sunday evening, also Mrs. Steuson read a paper on the subject of "The League in a Revival." There was not as many in attendance as was expected on account of several being out of town.

THE PAST WEEK AT AFTON.

Children's Day to Be Observed—To Honor The Soldier Dead.

Afton, May 25—The Baptist Sunday school will observe Children's day the second Sunday in June, as usual this year. Next Sunday being Memorial day, it is proposed to have the evening service at the Baptist church in keeping with the day, Pastor McCaw's discourse at that time to be of a patriotic nature, with music appropriate to the occasion. The Modern Woodmen meet in regular session next Saturday evening, and as plans for attending the big picnic at DeKalb will doubtless be discussed, a good attendance of the members is desired. A class of thirteen young men from the Baptist Sunday school will give an entertainment at the Baptist church in this place next Friday evening. The entertainment is given under the auspices of the local Y. P. S. C. E., one-half of the receipts going to the society. At 8 o'clock sharp the program opens and all are cordially invited. Admission 10 cents. J. B. Humphrey and family now ride out in a handsome new equipage, fit to carry the president of the United States, or any other dignitary, for that matter. W. H. Eldredge and Leonard McCrear left for Tennessee last Saturday, with a view to locating in that state eventually if satisfied with the country. Superintendent David Throne, Principal F. P. Starr and Miss Mary E. Scott were among those who represented Afton and vicinity at the teachers' meeting held at Janesville last Saturday.

FAIRFIELD FARMERS ARE BUSY

They Will Finish Planting Their Corn This Week.

Fairfield, May 25—Farmers will finish planting corn this week. The telephone company completed work on their line in this vicinity last week. Mrs. Addie Cutter and Mrs. Eugene Serl, called on Milton friends last week. George Fryer has resigned his position at the creamery, and accepted a more lucrative one near Whitewater. George is a first class butter maker, and has always kept the factory in fine shape, and many of the patrons regret his departure. The remains of the late Mrs. Clara Comstock Mayhew, who died at Janesville on Thursday last, passed here on Saturday on the way to Delavan, where the burial took place. Mrs. Mayhew spent many years of her life at this place and is well remembered by many of the older people. The camp of Modern Woodmen which was organized here a few weeks ago, are prospering finely. We are glad to note this fact as it is now the only organization in the place that shows any signs of life. They are to hold an ice cream social Thursday evening of this week at the home of S. D. Serl, to which every one is most cordially invited.

GOSSIP FROM THE GROVE.

Plans Are Made For Memorial Day—Some Other News.

Emerald Grove, May 25—Miss Agnes More entertained her schoolmate, Miss McDonald of Janesville, from Saturday till Monday. Memorial day exercises will take place in the Congregational church on Saturday afternoon of this week. Rev. Mr. Dennis will make the address. Martial music has been provided for the occasion and a good program will be given. Nearly all the teachers in this neighborhood attended the Institute in Janesville last Saturday. James Gillies and daughter LaVerna were here a portion of last week. Irving Dennis photographed the school children on Tuesday. The Ladies Auxiliary will serve ice cream and cake in the church annex Saturday afternoon of this week. Ladies are requested to bring cake. Miss Edith Barlass who has been having scarletina in a mild form is getting along nicely. C. W. Boynton's condition remains about the same. At times he suffers much pain. Preparations are being made for children's day which will take place soon. Gillies & Jones are laying in a car of salt.

Barker's Corners Gossip.

Barker's Corners, May 25—There will be memorial services at the grange hall Sunday afternoon, at 2 o'clock, May 30. The members of the cemetery association will meet next Saturday

day afternoon at 2 o'clock, for the purpose of electing officers and other business. All those interested are requested to be present. The Ladies' Aid society will meet with Mrs. Bahr, Thursday afternoon, May 27. Now the question seems to be "are we going to have a frost?" Farmers having corn up are the most interested. Miss Ella Guernsey has invested in a new wheel which she will try to master after school is out. James Bear is contemplating a trip to Ohio to attend the wedding of his niece.

Cascarets stimulate liver, kidneys and bowels. Never sicken, weaken or gripe, 10 cents.

The Turk and the Armenian.

"It must be admitted," says Benjamin I. Wheeler in the Atlantic, "that the Armenians are not an easy people to get on with. They are distinguished by an energy, a busy-ness, and a fondness for acquisition that are almost super-occidental. They are selfish, personally unattractive, and strikingly lacking in traits of nobility and self respect. The average Armenian is unquestionably of sharp intelligence so far as small things go. The saying is that it takes ten Jews to outwit one Greek, and ten Greeks to outwit one Armenian. He is unquestionably extremely irritating to the quietistic, resigned, fatalistic Turk. The two have little in common. The Armenian is clearly a pestilent fellow, and the Turk has decided to get rid of him. The Armenian is a persistent source of unrest. He is a "kicker." What men do with "kickers" in the Occidental scheme of things, is to vote them down. The Turk knows no other way than to club them down, cut their heads off, or sink them in the Sea of Marmora. He is applying the triune recipe with patient zeal as occasion offers."

GUARD THE BABY.

Many a Little Life Has Been Sacrificed That Might Have Been Saved With Care.

Why The Indian Babies Thrived.

The Indian Woman's Knowledge of Sickness and Her Power to Interpret Disease.

There is probably nothing that gives so much trouble to mothers as far as their children's health is concerned, as their liability to be afflicted with worms. Many and many a time these troublesome pests become so bad that the baby is thrown into convulsions, appears sickly, its little face becomes like wax. Nothing seems to do it any good, its nerves become weakened, and the little one suffers the most intense pain, and all this time the Doctor is trying to find out the cause of the child's illness, and the cause is that the poor little one is being literally eaten up by the worms. Not only do they absorb all that should go to make bone and flesh for the body, but these parasites actually sap up the child's life, often burrowing in and living on the flesh tissue itself.

If your baby is ailing, if he does not grow as he should, and is nervous and peevish, try Kickapoo Indian Worm Killer. It is prompt in its action, safe to take, it never fails, and it requires no physic.

One instance of gratitude for a baby saved by these lozenges comes to us and reads as follows:—

"We have a granddaughter, who was sick from the time she was six months old. We tried three different physicians and none of them seemed to do her any good. At last we gave her Kickapoo Indian Worm Killer. It cured her, and it proved to us that the sickness from which she had been suffering and the whole trouble was due to worms. J. W. Fox, Fama, Ia."

We believe that this advice, if taken in time, will save many a child's life, and as Kickapoo Indian Remedies are so well known as being effective and harmless, composed as they are of purely vegetable ingredients, we hope that parents will never fail to keep this Kickapoo Indian Worm Killer constantly on hand. Remember that all Kickapoo Indian Remedies can be had at any druggists.

THIS DAY IN HISTORY

1650—Richard Cromwell resigned, and the protectorate ended. It had lasted five years. Richard was virtually dethroned by a parliament which procured the dissolution of the protectorate. He laid down the scepter without a struggle.
1805—Ralph Waldo Emerson born at Boston; died 1882.
1805—Dr. William Paley, author of works on natural theology and evidences of Christianity, died; born 1743.
1887—The Opera Comique burned in Paris; 200 lives lost.
1894—Dr. Alexander Kohut, a distinguished rabbi and oriental scholar, died in New York city; born 1812.
1896—Oakland county, Mich., devastated by a cyclone; heavy loss of life.

PASTOR FORTY YEARS AGO.

Ex-Gov. Allen Speaks at Rev. Dr. S. W. Eaton's Golden Wedding.

The golden wedding anniversary celebration of the Rev. Dr. W. S. Eaton and wife of Roscoe, near Beloit, took on a historical nature and a large number of old Lancaster friends were present, including ex-Gov. Allen, who spoke of an acquaintance of forty years ago, when Dr. Eaton was pastor of the Lancaster Congregational church. The Rev. William Stoddard, another veteran in the Congregational ministry, told of being in a neighboring parish with Dr. Eaton nearly fifty years ago. He made special mention of a thrilling incident of the war, when Dr. Eaton was chaplain of the Iron brigade. He told how the doctor brought a wounded soldier off his battlefield and risked his life in the care of the boys.

The Rev. G. Hubbard, his classmate, presented the class of 1842 of Yale, and offered the congratulations of the twenty survivors of that famous class. It was an impressive scene with the two men who graduated fifty-five years ago and had known each other fifty-nine years, greeting each other in behalf of the old college days. Professor Emerson brought his characteristic soul stirring words to "a brother in Yale, a brother in Wisconsin, and a father of Beloit college."

The Rev. G. B. Hubbard, his classmate, was born in 1820. He graduated in Yale, in the class of 1852. He studied theology at Yale, New York and Andover. He came to Wisconsin territory in 1846. He was married May 20, 1847, to Miss Catherine E. Demarest, daughter of Rev. James Demarest of Brooklyn, N. Y. They were at Napanoch, Ulster county, New York, and came at once to Wisconsin territory. Dr. Eaton was pastor at Lancaster from 1846 until 1866, meanwhile being chaplain of the Seventh Wisconsin regiment volunteers in the Iron brigade. Since 1866 he has been pastor at Roscoe. Their four sons were all born at Lancaster.

TO MARK "GUIDE BOARD DAY"

Wheelmen Are Asked to Commemorate it in a Practical Manner

Chief Consul Rotter of the Wisconsin division of the League of American Wheelmen, has designated May 30 as "guide board day." It is the purpose to have the local bicycle consuls throughout the state organize riders and send them out in the country in all directions to look after sign boards to note where they are, where they ought to be, but are not. When the reports are all submitted steps will be taken to compel the erection of guide boards. This is in accordance with the suggestion of Chief Consul Rotter to the officers of the division. At the present time there is not a country road in the state properly equipped with guide boards; in fact, there are very few guide boards on any of the roads. The law requires that "the chairman of each town shall cause to be erected at the intersection within his town of all main traveled roads, suitable guide boards, giving direction and distance from point of such intersection to adjoining or important towns; and shall keep in repair all boards erected, the expense to be paid from the treasury of the town. And every chairman who neglects to repair any guide board after ten days' notice in writing has been personally served upon him stating that such guide board has not been erected, or that it is out of repair, shall for each month that elapses after said notice of ten days and for each instance of such neglect, for such time, forfeit \$5, one half going to the person making the complaint and the other half to the school fund."

LOW RATES FOR TEACHERS

Days On Which Cheap Fare Tickets Are to Be Sold.

An official circular has just been issued by the Western Passenger association, giving final arrangements for the sale and extension of tickets to be sold at the one-fare rate for the round trip, on account of the convention in Milwaukee of the National Educational association. The rate will be one lowest first-class fare, plus \$2, the \$2 membership fee to be reported to the Milwaukee terminal line. Tickets may be sold from all points east of the eastern state lines

of Colorado and Wyoming, July 3, 4 and 5, and from points west of those state lines on July 2, 3 and 4. These tickets may be sold from all points within a radius of 200 miles from Milwaukee, for all trains arriving in that city on or before noon of July 6. On tickets sold from points within 100 miles from Milwaukee, open return limit, upon which no extension shall be granted, shall be on July 6 to 12, inclusive. All tickets sold from points outside the 100 mile radius from Milwaukee, shall be good for return trip leaving that city July 10, 11 and 12 only, dual limit to be denoted by joint agent at time of execution. All tickets sold for this meeting shall be good for continuous passage, commencing on date of sale.

The following arrangements for extension limits apply only to tickets sold from points beyond a distance of 100 miles of Milwaukee: On deposit of tickets on or before July 12, with joint agent there, and the payment to the joint agent of the fee of 50 cents, an extension of return limit may be obtained to leave Milwaukee not later than August 31.

AN ANNIVERSARY IS MARKED

Rev. and Mrs. Thompson Married Twenty-Nine Years Yesterday.

Yesterday was the twenty-ninth anniversary of the wedding of Rev. and Mrs. H. W. Thompson, of the First M. E. church, and a large party of friends gathered at the church, and then marched to the parsonage, taking the pastor and his wife by surprise. Rev. Mr. Thompson is the chaplain of the First Regiment W. N. G., and the members of the Light Infantry marched from the Armory to the parsonage, and gave him the military salute. Colonel E. O. Kimberley was also present, and sang a few selections. The event was an unusually happy one.

C. Ferrel-Sprigner.

At the residence of the officiating clergyman, Rev. Dr. W. G. Hedge, yesterday afternoon, Harvey O'Farrell and Miss Jennie R. Sprigner, both of Beloit, were quietly married. After the ceremony the bride and groom left for the home of Mr. and Mrs. C. H. Smith at Oak Lawn hospital, where a tempting wedding luncheon and a few invited guests awaited them. Mr. and Mrs. O'Farrell returned to Beloit on the 6:35 train. They will make that city their home.

A Money Order.

Peoria Democrat—The audience at the Grand last evening was large, but not so large as the merits of the play and the manner of its presentation deserved. "A Money Order" is one of the best plays witnessed here this evening. It is given by James F. Fulton and his company of players, with excellent ensemble and some notable artistic character studies. It is wholesome, fresh and pleasing and full of human interest from beginning to end, and it concludes happily.

BEDRIDDEN.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind. Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to any expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

WARD DAMAGE SUIT IS NOW ON TRIAL

WOODMEN'S PICNIC CASE BEFORE THE COURT.

Trial will Probably Last Some Days, as There are About Forty Witnesses to be Examined—Blaisdell Gets a Verdict Against Burns—Other Court Proceedings.

The damage suit of Lawrence Ward against the Chicago, Milwaukee & St. Paul Railway company, is now on trial in the circuit court, and is likely to last two days. Ward sues the company to recover damages for injuries received while coming to Janesville to attend the Woodmen's picnic on June 10, 1896. The jury is composed of G. H. Howard, O. F. Clark, H. H. Robinson, Adam Thorburn, Charles D. Boynton, S. E. Barnard, O. D. Shepard, Richard Miller, F. H. Gifford, Edwin Hubbell, Wesley Winch and Simon Simmons.

E. D. McGowan opened the case for the prosecution, this morning, while C. H. Van Alstine, who is associated with Jackson & Jackson, presented the defense side of the matter.

Ward testified that the cars were so crowded with people, that he was unable to get inside the coaches, but was compelled to ride on the platform.

Caught His Foot.

While he was on the platform, he said, another car was switched onto the train, and caught his foot between the "bumpers," inflicting the injury.

Charles Day of Brodhead, and John Kelly of Orford, were sworn, and corroborated Ward's testimony. About forty witnesses will testify before the case is concluded.

In the case of Clarence Blaisdell against Matthew Burns, the jury brought in a verdict at noon, giving the plaintiff damages in the sum of \$5.

Judgment was ordered in the case of James I. Wheeler administrator vs David T. Kenyon et al.

In the case of James E. Croft against William Heise, the jury awarded the plaintiff \$35 damages.

In the matter of Sylvester Morgan, trustee, against Rose Archer et al, the plaintiff was given a judgment in the sum of \$1,312.46; \$25 solicitor's fees \$66.42 costs.

At a special term of the Green county court in the case of the First National Bank against John Maurer the plaintiff was given judgment as prayed for in the complaint, and as appears by the report of the referee with costs to be taxed.

Beloit Case Is Important

The action of Mrs. Ella D. Adams against the city of Beloit and Hyde & Brittan, Bankers, in the matter of the street paving improvement, is one of the important cases now pending in the circuit court. Mrs. Adams has begun proceedings to enjoin the collection of the special tax on her property as to the city and its officers, and to Hyde & Brittan, bankers, who hold the bonds, asking that their bonds be cancelled and that they be enjoined from proceedings on them. She has two grounds for complaint, one that the entire cost of the improvement should have been borne by the city and that there were informalities in the assessments. J. C. Rood, of Beloit, represents the city in the case, A. A. Jackson of Janesville the bankers and Roger & Norcross and E. D. McGowan are Mrs. Adams' attorneys.

The case is one in which the public has a special interest as it is not likely that any more paving will be done in Beloit until the suit is ended, for it would be exceedingly difficult to dispose of the bonds with a probability of a lawsuit attending the transaction. Judge Bennett extended the injunction yesterday until further orders.

MRS. ST. JOHN WANTS \$50,000

Suit Against the Chicago Street Railway Company Now on Trial.

Mrs. Susan St. John, of New York City, who is now the guest of Dr. and Mrs. J. W. St. John is the plaintiff in a suit for \$50,000 damages against the North Chicago Street Railway company, and the case is on trial before Judge Seaman at Chicago.

Mrs. St. John alleges that she was hurt on the defendant company's line in the summer of 1895. While stepping aboard a north side street car, it suddenly started, and she claims, she was thrown violently to the pavement and the shock to her nervous system, she maintains, was such that she has not been able to wield her brush as before, and she wants \$50,000 from the company. Mrs. St. John is an artist of note, and as above stated, claimed that her injury had prevented her from attending to her profession.

The case is being hard fought. The entire morning yesterday was consumed by the examination of Dr. Archibald Church, who was plied with queries filled with words of many syllables by the attorneys. The evidence went to show that Mrs. St. John was prostrated by the alleged injury, and was unable to return home for several weeks, but has apparently been on the road to gradual recovery.

BREWERY IS ROBBED BY BOLD THIEVES

BURGLARS WORK AT THE BUOB PLANT.

Safe Defied Them, and in Trying to Get at the Money Drawer, They Set Fire to the Building But Put the Flames Out—They Got But \$3.60.

After forcing an entrance into Buob's brewery last evening, burglars tried to open the safe, and then set fire to the saloon fixtures in order to break the lock on the money drawer.

For the trouble they received \$3.60 in small change and all the beer they wanted, departing without the \$150 that was in the office safe.

Charles Hilg, who is employed at the brewery, went to work this morning at 5 o'clock. After unlocking the door that opens in from Main street he was surprised to find the back door wide open. Lying on the bar were bottles, tools, and two desk drawers that the thieves had searched during their hunt for money. He realized that all was not right, and called Michael Buob, who sleeps in the same building above the office.

Safe Defied Them.

The indication of the work of the thieves could be seen at every turn. They had gained an entrance by forcing the window open that leads into the office. The office safe stood within a few feet of this window. It contained \$150 in cash and the robber had worked on it but could do nothing, although burned matches were found all over the room which showed that they spent some time in trying to solve the combination. They then left this room undisturbed and entered the saloon proper. Burned matches were also thrown about this room showing that they spent their time here in devising a way of getting into the money drawer.

This drawer was locked into the bar, and after trying to break the lock the men then removed the two drawers that were on each side of it and set fire to the bottom of the money drawer. The dry material soon caught fire and the flames spread so rapidly that the thieves became frightened and water was used in quenching the flames.

Got \$3.60 and Beer.

They then pried open the drawer and were successful. The drawer contained but \$3.60 in change. This the men took, with the exception of one lonely penny. They then made their escape through the side door, taking with them four bottles of beer. Two of the bottles, still filled, were found this morning near the brewery, on the Beloit road. Sheriff Acheson was called, and made a survey of the premises.

Michael Buob said this morning that he was thankful that his building was not laid in ruins. He believes that the thieves must still have left a tender spot in their hearts, or they never would have quenched the flames after once setting fire to the building.

TO PUT UP ANOTHER CABLE

The Telephone Company Prepares For An Increase In Business.

Increasing business compels the Wisconsin Telephone Company to make provisions for the future, and a new cable will be put up in the business section. Orders came from Milwaukee yesterday to take the measurements for the cable. The intention is to run it from the company's office to the corner of West Milwaukee and Franklin streets. Thus it will be 1082 feet in length and will hold 122 separate copper wires, each wire being insulated with paper.

WATER POWER OWNERS SIGN.

Agreement is Reached By the Users of Old Rock's Force.

In order that there may be a definite understanding among those who control the water power, a petition is now being circulated among the local owners for the purpose of coming to a definite understanding as to its measurement. Some claim that little attention has been paid by some to the mark as provided in the charter, hence the new agreement.

MARSDEN RENTS FOUNDRY.

Gets a Lease of the Angell Shop on Bluff Street.

Harry Marsden, who has been employed in the moulding department at the Janesville Machine Company for sixteen years, has rented the R. R. Angell foundry on South Bluff street. Orders are now on hand for considerable work and it is expected that later a force of men will be added. Mr. Angell will continue in the business, however.

THE VALLEY OF THE SHADOW.

The church chorus of fifty voices will furnish the music.

At 3 o'clock tomorrow afternoon a meeting for the transaction of business will be held, and the call will then be read to Rev. Robert Denison, and accepted by him.

Rev. A. A. Kendrick, who will preach the installation sermon, is the father of Mrs. Denison, and formerly resided here, being at one time connected with the city schools.

MATT. SHEEHAN IS VERY LOW

Beloit Man Who Was Hurt at Evansville. Suffers—Other News.

Beloit, May 25.—[Special]—Matthew Sheehan, the young man who was run over by the cars at Evansville, early Saturday morning, is still very low as a result of his injuries and the shock to his system, but the chances are favorable for his recovery.

Beloit, Wis., May 25.—[Special]—In anticipation of the big picnic at De Kalb on June 16, the Woodmen of this city are making preparations to attend, 2,000 strong. The Forester of Camp 345 will enter the competitive drill.

Beloit, May 25.—[Special]—A fire in Lyman's millinery store last night at 7:20 o'clock, destroyed about \$150 worth of draperies and trimmed hats.

Beloit, May 25.—[Special]—Miss Martha J. Clarke, daughter of John Clarke, the proprietor of the old Grand Hotel, died Monday afternoon of consumption, aged seventeen years.

GEORGE RUDER'S SUICIDE.

Rockford Man, Who Was Well Known Here Ends His Life.

Some People Think...

Tailors' prices are high. Persons accustomed to wearing tailor-made clothes think differently. A custom made suit costs a little more to start with, but it is better trimmed and better made and will wear twice as long as a cheap factory made suit. It hangs better at the end of two years than the cheap suit does after the very first rain storm.

THE MATURE BELLE.

Woman's Age of Greatest Charm Is Being Extended.

The ruling woman of the present day is the mature woman. The maiden of bashful 15, the bud of 18, the clear-eyed girl of 20, all must stand aside for their older sister, who leads the procession. The age at which women are supposed to exercise their greatest charm varies with the varying of fashion and taste. In the Elizabethan era it was 14. Other heroines as celebrated in their day and generation as Juliet were the instigators of tragic loves and hates at that extremely juvenile age. Half a century ago Balzac astonished his countrymen by claiming unusual powers of fascination for the woman of 30. Ever since she has held the stage as an incarnation of coquettish attraction. At the present day the period of beauty and charm has been extended even further. Balzac's 30 has received an additional ten years. Women of 40 are no longer looked upon as ruins in which the antiquarian may trace relics of bygone splendor. With the vanishing of the term "old maid" the old maid herself has withdrawn into the place of departed spirits. In France an unmarried girl of over 25 is looked upon as dead stock, for which there is nothing but a convent. Today, in the United States, women of independent means, women of society, women who are self-supporting, rarely marry under 25, and generally put off that episode in their existence to five or ten years later.

There are many reasons for the present vogue of the mature belle. She is more attractive, understands human nature better than her younger sister. She is still good looking. Her youth lasts longer than it used to, because she has learned how to take care of herself. American women formerly ruined their beauty by bad diet, no exercise and too little fresh air. Now they know better. A healthy, well-groomed woman, who is not overworked or overworried, looks about the same age at 40 as she did at 25.

With her additional years has come additional wisdom. If she has not the engaging simplicity that was hers at 18, she has a knowledge of men and manners which makes her a more interesting companion, a more lovable human being. Experience has given her the gift of sympathy, of which the young girl feels nothing. To men she has come to represent not only all that is graceful and gracious and tactful in womanhood, but all that is broad and tender and feminine.

Among workingwomen—from the artistic to the plain workingwoman—the maturer ones are naturally in the ascendant. The young girl among the workers is the novice whom no one knows or cares much about. It is when the years of endeavor have been passed, and mind and heart have reached their fullest powers of comprehension and feeling, that she is at the pinnacle of her development. In these days of hurry and pressure and intensity of effort such a creature naturally takes precedence over the untired girl who is waiting with expectant eyes for the message of the future. Existence is too full, the struggle too serious, for the return of those days when youth, ignorance, beauty and folly were the great requisites of women. The times are stirring, the pressure of existence desperately earnest, and man in his struggle demands a helpmate who can assist him onward, not drag him back. Chivalry in its downfall carried away many pretty myths, the prettiest myth of the child wife hanging, frightened and faint hearted, on her husband's arm.—San Francisco Argonaut.

A Progressive Club.

The Woman's club of Atlanta, starting in a most catholic spirit a little over a year ago with a \$2 initiation fee and \$1 dues, that no woman who wishes membership and is desirable in other ways shall be excluded for a question of means has hit upon a novel plan to augment its income. It owns a large advertising board, holding about 100 cards a foot square. These spaces are sold to business firms for \$10 per foot per year. The scheme has proved highly successful.

To illustrate further the practicality of the club, its conduct of a recent lecture course may be cited. Desiring to have a series of lectures on "The Peoples of Europe" from Professor Dunn, lecturer on ethnology in the University of Cincinnati, the club arranged a circuit of four other towns—Knoxville, Rome, Macon and Barnesville, Ga. On the six weeks' course the Woman's club, which did not expect profit, only expenses, found itself richer by \$250.—New Orleans Times-Democrat.

Miss Lily Whitaker.

Miss Lily Whitaker of New Orleans has been invited by Dr. Curry of the faculty of the Boston College of Oratory to take charge of the department of elocution at the Montague (Tenn.) assembly the coming summer. Miss Whitaker is widely known in the south as a brilliant educator, writer and elocutionist. She is founder and director of the New Orleans College of Oratory, principal of McDonogh No. 9 school and president of the New Orleans Educational association. Miss Ida Whitaker is also an accomplished educator and shares the honors showered upon her elder sister.

Invented by a Woman.

Miss Fanny Grothjan, New York city, has invented a device which instantly detaches runaway horses from a carriage. The detachor not only separates the horse from the vehicle, but is so constructed that immediately afterward the operating rod is transformed into a steering gear. Any one can easily steer the vehicle in any direction desired. This invention has been exhibited at recent horse sales and its practicability thoroughly demonstrated. Miss Grothjan is an artist and has lately returned from a five years' course of study in Paris.

Smothered in stamp fund.

New Orleans, La., May 25.—A shortage estimated at \$250,000 has developed in the judicial stamp fund of the state. The matter is under investigation by the grand jury and a number of prominent lawyers and clerks in the local courts have been examined. What has been discovered is as yet unknown. There are a number of reports flying as to the guilty persons in the steal, and it is affirmed that the work has been going on for years.

Smothered by Caving Earth.

Fort Wayne, Ind., May 25.—At 5 o'clock Monday night a trench being dug for water mains caved in and four men were smothered to death before they could be dug out. Their names were: Alexander Brown, Patrick Shean, William Dennis and John Christy.

How to Kill Weeds.

To Whom It May Concern—It is time to plow under Canada thistles. Plow them three inches deep, and after one week drag them well. As soon as they get up in sight again, plow them under and drag as before, plowing a little deeper each time until the ground freezes. Sour-dock and burdock should be cut with a sharp spade below the heart; then apply a little kerosene-oil. I wish to save the taxpayer all the expense possible, and comply with the law requiring the destruction of noxious weeds. The careless ones I shall have to visit. Respectfully, O. N. DUTTON, weed commissioner for the town of Janesville. (Box 693 city)

A HEALTHY WIFE Is a Husband's Inspiration.

A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home. I sometimes marvel at the patience of some husbands.

If a woman finds that her energies are flagging and that everything tires her, her sleep is disturbed by horrible dreams, and that she often wakes suddenly in the night with a feeling of suffocation and alarm, she must at once regain her strength. It matters not where she lives, she can write a letter. Mrs. Pinkham, of Lynn, Mass., will reply promptly and without charge. The following shows the power of Lydia E. Pinkham's Vegetable Compound, accompanied with a letter of advice:

"Dear Mrs. Pinkham—I have suffered for over two years with falling, enlargement and ulceration of the womb, and this spring, being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped. I am now gaining strength and flesh and have better health than I have had for the past ten years. I wish to say suffering women, do not suffer longer, when there is one so kind and willing to aid you."—Mrs. F. S. BENNETT, Westphalia, Kans.

SOMETHING NEW.
A Scientific and Medical Novelty.
You seen this?
There has just been published a very unusual and valuable little book entitled "WHEN AND HOW," a copy of which should be owned by every family and carefully preserved. The book is unusual because, in addition to being the best hand book on health that we have ever seen, it is also a guide to the use of a new and complete line of the latest and most valuable remedies known to the "regular" medical profession.

The "regular" profession means the Allopathic school of medicine; and these remedies are scientifically prepared from the latest and best prescriptions of the leading Allopathic physicians of Europe and America. They are put up in tablet form, placed in colored glass vials and hermetically sealed, so that their curative properties are preserved for years, unaffected by light or air.

These medicines, "Chauncey's Pocket Prescriptions," contain no morphine, strychnine, chloral, cocaine, arsenic, or other irritant poison in any form, are perfectly safe to use by anybody at any time, and cost but 25 cents.

This combination of the best scientific results in the production of the remedies together with the most advanced medical knowledge in the preparation of the book "When and How," offers new and great advantages to that large majority estimated at over 75 per cent., who call in an Allopathic physician when they require the services of a doctor. It enables them to do their "home doctoring" in an intelligent, safe and efficient manner, and in their own "school" of medicine.

Anyone who will examine the book will be convinced by the spirit of candor which pervades it that it is as safe as it is valuable—it both respects a decided novelty. Moreover it does not contain a line of objectionable matter.—The Latest Medical News.

[We have made inquiries here and find that with customary enterprise an agency for these remedies has already been secured by E. O. Smith & Co., next to postoffice, who will be pleased to present a copy of the book, "When and How," free, to any one who will call and ask for it.—Ed.]

In Darkest Africa.

And Even unto the Ends of the Earth Munyon is Supreme.

The Munyon system of disease cure, made up of Munyon's Home Remedies, is doing more to rid the world of pain and sickness than all the doctors combined. These discoveries, harmless in the hands of a child, are proving their potency in so many thousands of cases, that it would be sheer madness for any sick person to turn away from their benefits. A cloud of witnesses, stretching from East to West, and North to South, are telling their cures, and praising Munyon, whom they look upon as their benefactor and friend.

George E. Cooper, depot baggage agent of the Milwaukee Railroad, Minneapolis, Minn., says: "I was troubled with pains in my arms and back; had them for years. Two days after I began to use Munyon's Cure for Rheumatism the pains were alleviated, and to-day I am wonderfully improved. I had with the rheumatism considerable trouble with my liver—could not turn over on that side at night—and I thought that, inasmuch as the Rheumatism Cure did me so much good, the Liver Cure would be worth trying. After I had used it all day I was able to lay on my right side and have slept well ever since."

Charles H. Davis, 119 F Avenue, Cedar Rapids, Iowa, says: "I have used Munyon's Rheumatism Cure and received great benefit from it. I do not hesitate to recommend it to all sufferers from that disease."

Munyon has a separate specific for each disease. For sale by druggists, mostly 25 cents a vial. If in doubt, write to Professor Munyon, at Philadelphia, Pa., and get medical advice free.

Your Stomach Distresses You

after eating a hearty meal, and the result is a chronic case of Indigestion, Sour Stomach, Heartburn, Dyspepsia, or a bilious attack.

RIPANS TABULES

Promote Digestion, Regulate the Stomach, Liver and Bowels, Purify the Blood, and give a Positive Cure for Constipation, Sick Headache, Biliousness, and all other diseases arising from a disordered condition of the Liver and Stomach. They act gently yet promptly, and perfect digestion follows their use. Ripans Tablets take the place of an Entire Medicine Chest, and should be kept for use in every family.

Price, 50 cents a box. At Ripans Chemical Co., 10 SPRUCE ST., NEW YORK.
